

PINSEEKERS

By Jack Bindon

What a lovely warm day we had on this last Tuesday. What I said about our greens being slow last week has changed markedly! (I three putted 4 greens this time). Since I shouldn't be giving advice to the competition but I will, try to stay below the hole. Putting down hill is dangerous, like there are no brakes on the ball.

Be that as it may, here are your winners:

- 1st Phil Robinson with a net 32
- 2nd Jack Bindon (me) with a net 33
- 3rd Richard Petroski with a net 34
- 4th a tie, Ron Speer and Martin Hoek net 36

Last year at the annual meeting of the Pinseekers I proposed that we use a 9 hole handicap compiled and maintained by the Pinseekers. The proposal was voted down. I checked with Allan about bringing it up again this year at our meeting and he said the GHIN system is already doing that. Our 9 hole handicap is still established in the normal 18 hole procedure but the Pro Shop can get a 9 hole number based upon the 9 hole course rating. That will differ about one stroke between front nine and back nine..... back nine rating is higher.

I would like to see the Pro Shop conduct a short clinic once a month, reviewing a few of the rules, local and otherwise.

Check the Pinseeker Website (pinseekers.org) for lots of good stuff and the golf FastLane every week.

Events coming up (Mark your calendar):

- Clyne Soley Tournament on the Short Course on May 11th
- We are looking forward to May 14th Mixer with the Swingers.
- Our next Annual Membership meeting will be by May 21st, for election of officers
